ADDENDUM NO. 4

Digital Signatures and Submission of Forms

The City of Dublin hereby modifies the requirements of RFQ #26-0908-01 regarding signatures on required forms and affidavits.

Effective immediately, the City will accept scanned copies of all required forms and affidavits bearing digital or electronic signatures as part of a firm's submittal. Consultants may include electronically signed and scanned documents within their electronic and hard-copy submissions for purposes of meeting the RFQ requirements.

For firms selected as finalists, the City reserves the right to request original signed and/or notarized documents. In such instances, finalist firms shall provide the original executed documents within the timeframe specified by the City. Failure to provide requested originals may result in disqualification or other action deemed appropriate by the City.

This addendum applies to all required forms, certifications, affidavits, acknowledgements, and other documents required under the RFQ submission requirements.

I have read the above change to the original bid and will submit my bid accordingly.
