CITY OF DUBLIN

SANITATION DEPARTMENT

INSTRUCTIONS AND GUIDELINES FOR RECYCLING ROLLCARTS

The following instructions and guidelines should be used by all residents of the City of Dublin, concerning the use of the recycling cart system. The City will make every effort to ensure the recycling system operates smoothly. Your help will be greatly appreciated. Please do not hesitate to call the Sanitation Department if problems arise at 277-5041.

GUIDELINES FOR RECYCLING ROLLCARTS

1. Carts will be picked up every other Friday. On your day of collection, roll your cart to the street side in front of your hose, but do not place it in the street or in front of the mail box.
2. Do Not put recyclable materials in garbage bags before putting in cart. When possible, break down boxes and crush aluminum cans and junk jugs.
3. During the time between collections, store your rollcart where you normally store your garbage cans.
4. Always place the lid back on the cart when you deposit your recyclables to keep the rain and neighborhood pets out.

5. Our collection day goes from 7:00 AM to 3:30 PM. Carts should be placed at the street by 7:00 AM on collection days and removed by sunset on collection days.
6. The cart is owned by the City, but keeping it clean, routine upkeep and protecting it from being stolen is the users responsibility. Take care of it, don't abuse it and it will last a long time.
7. Stolen, damaged, or abused carts are replaced at the property owner's or his /her responsible agent's expense.
8. Do not place items such as poisons, acids, caustics, explosives or other dangerous materials, soils, construction materials, (i.e. concrete, wood, bricks, etc.) furniture, oils, gasoline, paint thinner, kerosene, toxic substances, etc. in the roll cart. Absolutely No Glass or Paper will be accepted.
9. The cart must not be used for any other purpose other than storing and collecting the recyclable materials listed on the back of this brochure.
10. Do not mark, write, paint, cut, or alter the cart in any way.
11. Each cart has a serial number which is recorded by residence, so do not trade carts with your neighbors.

12. As needed, wash your cart out with soap and water to keep it clean and neat.
13. The City maintains ownership of the cart at all times, so if you move either within the City or outside the City, notify the Sanitation Department.
14. If your cart is stolen or damaged call the Sanitation Department at once at 277-5041.
15. Residents having very small alleyways not serviceable by the City's rear loading truck will be required to roll cart to the closest city street.
16. There will be no collection on city holidays. These holidays are regularly announced in the newspapers. Do not roll out carts on these days.
17. In bad weather during the winter months, especially in icing conditions, the Sanitation Department will attempt to operate normally, and each resident may choose whether or not to roll out their cart. If collection is postponed entirely listen to local radio stations for details
18. Residents physically unable to push carts may make a written request to the Sanitation Department for special pickup consideration. The Department will then make a determination as to whether a pickup is warranted and act accordingly.
